## Space Saving Furniture

## About Us

In the early 1980's, GAYSAN Gas Spring Co. first started its manufacturing with automotive spare parts production. As one of the leading manufacturer of gas springs, Gaysan adapted this technology to transformable wall bed furnitures after a long research and development. After this successful development in 1986, GAYSAN Furniture Co. was established with the goal to provide quality, convenient and stylish wall beds that allow maximization of spaces. Since then, Gaysan Furniture is the one and only producer of multi-functional wallbeds in Turkey.

The company is committed to provide the ultimate space-saving solutions with Multimo brand in world markets. In terms of product range and quality, it is among the first 5 producers in the world. As a result of our continuous R&D, tens of our patented functions we provide larger space and a desired comfort for living to today's ever shrinking places and homes. Our philosophy is not only to produce furniture passing from father to son, but a comfort, with continuous after-sales support which enables an even longer usage of our products. And our reward coming customer oriented service is, 97% satisfaction of our more than 200,000 customers.

The company has also realized some housing projects integrated with these wallbeds such as moving wall and compact container living. Student dorms, hotels, studio apartments, home-offices are just some of the company's successfully proven decoration/ already decorated projects.

Multimo company operates the production in 6000 sqm main factory in Istanbul/Turkey.

Multimo is proud to be the leading manufacturer of unique wall bed designs and their mechanisms itself. By using the advantage of being an authority on manufacturing the mechanism the company can control cost of end product so can offer the best quality/price equilibrium worldwide.

# Happy Desk Bed

Model: **1101D**

- With the table option available for our vertical single bed, we offer 2 units across 1m wall, which would normally take 2m wide space. You do not need to remove any items from your desk before opening or closing your bed. Special mechanism always keeps the desk parallel to the floor during opening and closing. So all of your items can safely stay on the desk.

- Bed and studying unit are combined accross 1m wide area..

- Especially in spaces where you have no room for studying desk and bed seperately, Happy Table is the best idea.

- Vertically opening single bed with the moving table attached to it needs only 1m wide wall, where you would need at least 2m for a seperate bed and a seperate desk.

**Mattress size:** Width 90cm , Length 190cm, Height 18cm.

As our all products, Happy is produced with materials in EU quality standarts. Folding bed mechanism, also designed and produced by Multimo, has a minimum 10 years of lifetime and this period may extend much longer depending on a careful usage. 35 years old Multimo products are still working and being used in homes and offices safely.

# Nitro

Model: 115

- Single wall bed, 2m wide desk, bookcase and closets are together in one unit.. You can use as a bed or as a desk. You do not need to remove any items from your desk before opening or closing your bed. Special mechanism always keeps the desk parallel to the floor during opening and closing. So all of your items can safely stay on the desk.

- Folding bed mechanism, also designed and produced by Multimo, has a minimum 10 years of lifetime and this period may extend much longer depending on a careful usage. Today, many people still use their 25 years old Multimo products in many homes.

**Mattress size:** Width 90cm , Length 190cm, Height 18cm.

We combined a bed, a bookcase, closets and a desk together only across a 2m long wall.

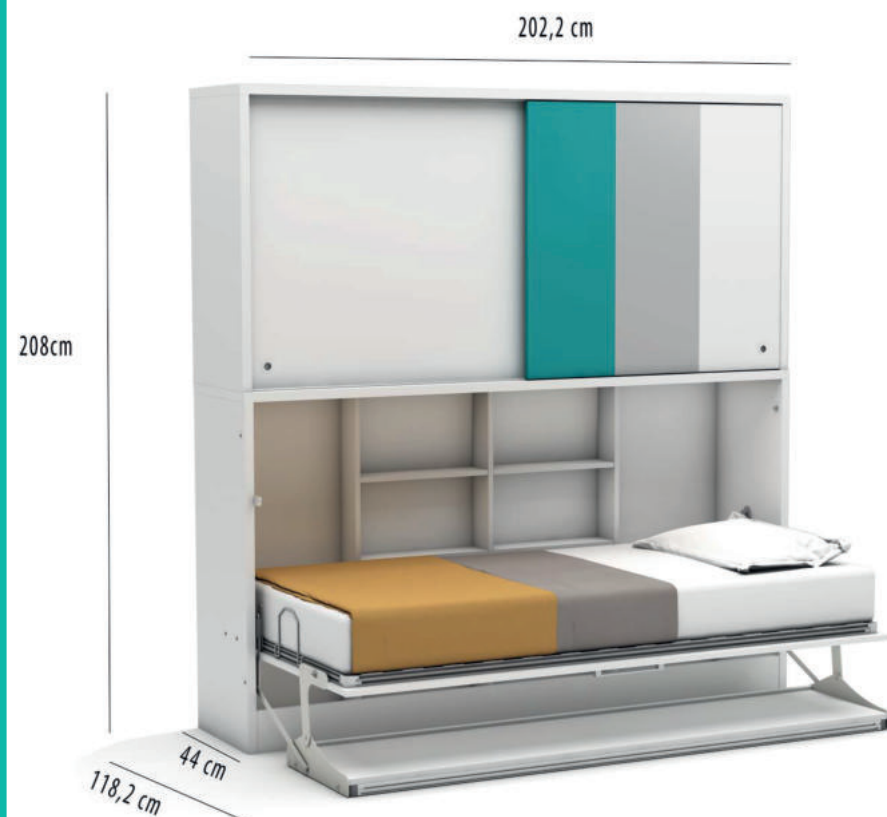

# Academy

Model: 1114

- This is a compact studying unit with side opening single bed, closets with sliding doors and 2m long desk functions. Special mechanism lets all items stand on the desk during opening and closing of the bed. The desk always keeps it parallel position to the floor.
- You can transform your wide desk to a bed when you wish..
- Multimo, the first brand coming to mind about space saving furnitures, developed Diva Academy that allows small apartments to contain all of sleeping, studying and storage solutions. Diva Academy also offers wide and free living space to places like student campuses for better hosting more than one student in a room.

**Mattress size:** Width 90cm, Length 190cm, Height 18cm.

Especially people who live in small and studio apartments know well how important it is to have a furniture with more than one function. Because it is almost impossible to put a bedroom, a studying room, a wardrobe and a bookcase all together in small apartments.

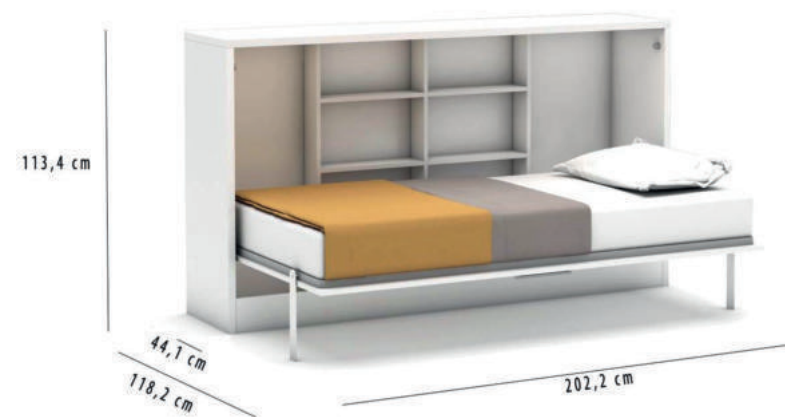

# Life Bed

Model: **1121**

- This single pull-out bed model is stylish, comfortable and very strong with its slatted aluminum bed frame.
- Ideal for rectangular rooms with its mechanism that allows it to open with horizontal angle.
